

**Mount  
Sinai**

**Position available: Research Associate**

A position is available for a Research Associate in the laboratory of Dr. Paula Croxson in the Department of Neuroscience and the Friedman Brain Institute at the Icahn School of Medicine at Mount Sinai in New York. The laboratory works on the cognitive neuroscience of memory using a combination of animal models and magnetic resonance imaging (MRI).

Interested candidates should have an undergraduate degree in Neuroscience, Psychology or a related discipline. Must also have excellent verbal and written English. Research experience is preferable, and experience with behavioral testing of laboratory animals is desirable. Candidates with programming experience (particularly Matlab) or experience with MRI analysis packages (FSL, SPM, Freesurfer, AFNI) will also be considered.

Approximate start date is on or near 1 September 2013. To apply send a cover letter, curriculum vitae and the names and contact details of three referees to [paula.croxson@mssm.edu](mailto:paula.croxson@mssm.edu). Applicants are also encouraged to send any enquiries about the role to the same address.
